## Introduction

This report gives statistics on all Parole Board votes resulting from parole, parole rescission and parole revocation hearings held at state institutions during 1976. Office votes are not included.

There were 1234 state parole release interviews during 1976 (see Table 1). Of this total, 778 were First Interviews (see Table 2). First Interviews are those where the person is seeing the Board for the first time on this sentence. First Interviews consist of Regular Order Interviews, One-Third Interviews and Early Consideration Interviews. During 1976 there were 694 Regular Order Interviews (see Table 3), 49 One-Third Interviews (see Table 4) and 32 Early Consideration Interviews (see Table 5).

1976 also saw the introduction of the concept of contract parole in Massachusetts. In December 1976 the Parole Board entered into contracts with three inmates who were given parole dates contingent on their fulfilling the terms of their contracts. In 1977 the pilot projects of Victim Restitution and Mutual Agreement Programming (MAP) will result in a higher number of contracts being entered into with inmates.

The 1976 paroling rate was 58%. The paroling rate is the percentage of all First Interviews voted parole or reserve. In the 1975 report the "parole" vote category included both paroles to street and to custody. In the 1976 report these are two separate categories. In 1976, 451 of the 778 First Interviews received a parole, reserve or parole to custody vote; 56% of all Regular Order Interviews, 71% of all One-Third Interviews, and 91% of all Early Consideration Interviews received a parole, reserve or parole to custody vote. Concord-Impact cases accounted for one half of all Early Consideration Interviews.

The paroling rates were highest from Forestry Camps (76%), Concord-Impact (78%) and Pre-Release (67%). Listed below are the paroling rates for each state institution.

Forestry	76%	(25 out of 33)
Walpole	51%	(53 out of 103)
Concord	65%	(151 out of 234)
Framingham Males	N/A	(3 out of 4)
Framingham Females	52%	(25 out of 48)
Norfolk	45%	(48 out of 106)
Bridgewater	19%	(17 out of 37)
Pre-Release	67%	(142 out of 213)

In addition to the parole release hearings and contract parole hearings, 55 rescission hearings and 335 revoke hearings were held during 1976. Twenty-five of the 55 rescission hearings (45%) received a parole or parole to custody vote (see Table 11). Eighty-seven of the 335 revoke hearings (26%) were voted re-release or parole to custody (see Table 12).

The Parole Board held an average of 112 release hearings, 5 rescission hearings and 30 revoke hearings per month at state institutions during 1976. June, July and September had the most release hearings -- 126 and up (see Table 13). April, July, September and December had the most rescission hearings -- 7 and up (see Table 15). And March, April, July and October had the most revoke hearings -- 37 and up (see Table 17). Hearings are not usually held in August; however, 8 release hearings were held at Concord during August 1976.

## Introduction

This report gives statistics on all Parole Board votes resulting from parole, parole rescission and parole revocation hearings held at state institutions during 1977. Office votes are not included.

There were 1405 state parole release interviews during 1977 (see Table 1). Of this total, 969 were First Interviews (see Table 2). First Interviews are those where the person is seeing the Board for the first time on this sentence. First Interviews consist of Regular Order Interviews, One-Third Interviews and Early Consideration Interviews. During 1977 there were 788 Regular Order Interviews (see Table 3), 52 One-Third Interviews (see Table 4) and 129 Early Consideration Interviews (see Table 5).

The 1977 paroling rate was 69%. The paroling rate is the percentage of all First Interviews voted parole or reserve. In 1977, 668 of the 969 First Interviews received a parole, reserve or parole to custody vote; 65% of all Regular Order Interviews, 81% of all One-Third Interviews, and 85% of all Early Consideration Interviews received a parole, reserve or parole to custody vote.

The paroling rates were highest from Forestry Camps (84%) and Prerelease (80%). Listed below are the paroling rates for each state institution.

Forestry	84% (48 out of 57)
Walpole	54% (43 out of 79)
Concord	67% (178 out of 266)
Framingham Females	60% (33 out of 55)
Norfolk	61% (70 out of 114)
Bridgewater	45% (28 out of 62)
Prerelease	80% (268 out of 334)

In addition to hearings for parole release, there were 86 rescission hearings and 240 revoke hearings during 1977. The Parole Board held an average of 117 release hearings, 7 rescission hearings and 20 revoke hearings per month at state institutions during 1977.

## I. INTRODUCTION

The Massachusetts Parole Board is responsible for matters of parole granting and parole revocation for all individuals committed to state or county facilities except those sentenced by district courts to terms of less than one year to a county institution. (MGL Chapter 127, s. 128)<sup>1</sup>

At state institutions, the Massachusetts Parole Board conducts several types of hearings. These hearings consist of the following: Release, Revocation, Rescission, and MAP Negotiation Hearings.

This report presents information about Release, Revocation, Rescission and MAP Negotiation Hearings by Parole Board Members at State Institutions for 1978.

<sup>1</sup>In August 1980, the Massachusetts Parole Board assumed jurisdiction over all persons committed to a county institution for 60 days or more from a district court in accordance with M.G.L., Chapter 155, Section 128.

## II. SUMMARY

### Release Hearings

In 1978, there were 1283 Release Hearings by Massachusetts Parole Board Members at State Institutions. Of this total, 978 were First Hearings. First Hearings are those in which the person is seeing the Parole Board for the first time on this sentence. First Hearings consist of Regular Order Hearings, One-Third Hearings and Early Consideration Hearings.

During 1978, there were 882 Regular Order Hearings, 48 One-Third Hearings and 48 Early Consideration Hearings. In addition to First Hearings, there were 123 Annual Review Hearings, 10 Action Pending Hearings, 136 Postpone Hearings and 36 Reconsideration Hearings. Table 1 presents this information.

The paroling rate was 69% in 1978. The paroling rate is the percentage of all First Hearings which result in a vote to parole, reserve or parole to custody.

In 1978, of the 978 First Hearings, 676 (69%) resulted in a vote to parole, reserve or parole to custody; 144 (15%) received a "deny" vote and 20 (2%) were "denied" at their own request."

The largest number of release hearings, (190), was held during the month of July. Table 2 presents information about Release Hearings by month for 1978.

## I. INTRODUCTION

The Massachusetts Parole Board is responsible for matters of parole granting and parole revocation for all individuals committed to state or county facilities except those sentenced by district courts to terms of less than one year to a county institution. (MGL Chapter 127, s. 128)<sup>1</sup>

At state institutions, the Massachusetts Parole Board conducts several types of hearings. These hearings consist of the following: Release, Revocation, Rescission, and MAP Negotiation Hearings.

This report presents information about Release, Revocation, Rescission and MAP Negotiation Hearings by Parole Board Members at State Institutions for 1979.

<sup>1</sup>In August 1980, the Massachusetts Parole Board assumed jurisdiction over all persons committed to a county institution for 60 days or more from a district court in accordance with M.G.L., Chapter 155, Section 128.

## II. SUMMARY

### Release Hearings

In 1979, there were 1313 Release Hearings by Massachusetts Parole Board Members at State Institutions. Of this total, 1001 were First Hearings. First Hearings are those in which the person is seeing the Parole Board for the first time on this sentence. First Hearings consist of Regular Order Hearings, One-Third Hearings and Early Consideration Hearings.

During 1979, there were 922 Regular Order Hearings, 70 One-Third Hearings and 9 Early Consideration Hearings. In addition to First Hearings, there were 148 Annual Review Hearings, 6 Action Pending Hearings, 126 Postpone Hearings and 32 Reconsideration Hearings. Table 1 presents this information.

## I. INTRODUCTION

The Massachusetts Parole Board is the sole decisional authority in the Commonwealth for matters of parole granting and parole revocation. The Board has jurisdiction over all individuals committed to state or county institutions for terms of sixty (60) days or more in accordance with M.G.L. Chapter 127, S. 128; Chapter 155, Acts of 1980.

In Massachusetts, parole is the procedure whereby a prisoner is released prior to the expiration of sentence, permitting the remainder of the sentence to be served in the community under supervision and subject to specific rules and conditions of behavior.

The primary role of the Massachusetts Parole Board is to make decisions to release offenders from prison and to revoke and return offenders to prison in accordance with M.G.L. Chapter 27, sections 4 and 5. In addition, in its capacity as the advisory Board of Pardons, the Board makes recommendations to the Governor on matters of executive clemency, pardons and commutations of sentences. The Chairman of the Parole Board, as chief executive officer, administers the central parole authority and oversees the supervision of offenders in seven (7) regional offices located in communities throughout the state of Massachusetts.

This report presents information about hearings held at state institutions by Parole Board Members during 1980. These hearings consist of several types: release, revocation, rescission and MAP negotiations.

## II. SUMMARY

The largest number of release hearings, (164), was held during the month of July. Table 2 presents information about Release Hearings by month for 1980.

#### Three Year Review and 15 Year Hearings

A Three Year Review is a release hearing which is given to Sexually Dangerous Persons at the Bridgewater State Hospital Treatment Center. In 1980 there were 17 Three Year Reviews. Of the (17) no one received a parole, reserve or parole custody vote.

A 15 Year Hearing is a release hearing which is given to inmates who have second degree life sentences. In 1980, there were three (3), 15 Year Hearings. Two (2) of these hearings resulted in a decision to parole and there was one (1) deny decision.

#### IV. GLOSSARY OF TERMS

ACTION PENDING: A vote of action pending, indicates a deferment of a decision by the Board for the purposes of clarification of facts, further input from interested parties, resolution of legal problems or other considerations which would require a delay of parole.

DENY: A deny vote closes out release consideration for a period of one year. However, the Board may consider upon request, a rehearing on the merits of the individual prior to the expiration of one year.

PAROLE TO FROM AND AFTER: A parole vote to a from and after sentence (F & A) allows an individual to begin serving another sentence.

RESCISSION AFFIRMED: A rescission affirmed vote by the Parole Board indicates that the Board found sufficient evidence to withdraw a previous release date. This decision by the Board is followed by an additional disposition such as parole, reserve, parole denied, or parole to a from and after sentence.

RESCISSION NOT AFFIRMED: A vote of rescission not affirmed reactivates an individual's Parole release vote. In this situation the Parole Board finds insufficient reasons for withdrawing a previous parole vote.

RESERVE: A reserve vote is one which requires the issuance of a certificate of parole on a future date indicated on the vote sheet, provided that the individual has satisfied the written, required conditions (i.e. home, work, or home and work).

REVOCATION AFFIRMED: A revocation affirmed vote is one where the Board makes a final determination that a violation of parole was committed. A vote of revocation affirmed is followed by an additional disposition such as parole, reserve, parole denied, or parole to a from and after sentence.

REVOCATION NOT AFFIRMED: A vote of revocation not affirmed, is one where the Board does not find sufficient grounds on which to support the provisional revocation. The individual concerned would be released on parole.

## I. INTRODUCTION

The Massachusetts Parole Board is the sole decisional authority in the Commonwealth for matters of parole granting and parole revocation. The Board has jurisdiction over all individuals committed to state or county institutions for terms of sixty (60) days or more in accordance with M.G.L. Chapter 127, S. 128; Chapter 155, Acts of 1980.

In Massachusetts, parole is the procedure whereby a prisoner is released prior to the expiration of sentence, permitting the remainder of the sentence to be served in the community under supervision and subject to specific rules and conditions of behavior.

The primary role of the Massachusetts Parole Board is to make decisions to release offenders from prison and to revoke and return offenders to prison in accordance with M.G.L. Chapter 27, sections 4 and 5. In addition, in its capacity as the advisory Board of Pardons, the Board makes recommendations to the Governor on matters of executive clemency, pardons and commutations of sentences. The Chairman of the Parole Board, as chief executive officer, administers the central parole authority and oversees the supervision of offenders in seven (7) regional offices located in communities throughout the state of Massachusetts.

This report presents information about hearings held at state institutions by Parole Board Members during 1982. These hearings consist of the following types: Release, Revocation, and Rescission.

## I. SUMMARY

Release Hearings

In 1982, the Massachusetts Parole Board conducted 1904 Release Hearings at State Institutions. As a result of these hearings, 1135 inmates were released from institutions and placed under the supervision of Field Parole Officers in seven regions across the Commonwealth. Of the 1904 Release Hearings held, 1301 were First Hearings, those in which the inmate was seen by the Parole Board for the first time. First Hearings consist of Regular Order Hearings, Special Consideration Hearings for inmates sentenced to M.C.I. Walpole, and Early Consideration Hearings.

During 1982, there were 8 Special Consideration Hearings, 15 Early Consideration Hearings, and 1278 Regular Order Hearings conducted. In addition to First Hearings, there were 291 Annual Review Hearings, 4 Action Pending Hearings, 241 Postponement Hearings, and 67 Reconsideration Hearings. Table 1 presents this information and the paroling rate for each type of hearing.

Table 1. Release Hearings at State Institutions, 1982

Action Pending	4	3	75.0
Postponement	241	134	55.6
Reconsideration	67	53	79.1
Total	1904	956	50.2

\*The paroling rate is the percentage of hearings which result in a vote to Parole, Reserve, or Parole to a from and after sentence.

Table 2 depicts the numbers and paroling rates for all Release Hearings by month in 1982. The greatest number of Release Hearings was held in the month of July and the smallest number in August. The paroling rate was highest in April (56.8%) and lowest in September (42.9%).

### Revocation and Rescission Hearings

In 1982, the Parole Board held 383 Revocation Hearings at State Institutions. Revocation is the process by which a parolee's permit to be at liberty may be permanently or temporarily revoked as a result of his violating one or more of the seven conditions of parole. The U.S. Supreme Court decision in *Morrissey vs. Brewer* (1972) gave an individual in danger of having his parole permit revoked the right to "due process" under the law. Due process provides for a preliminary hearing by a revocation examiner to determine if there is probable cause that a parole violation has occurred and whether the violation warrants provisional revocation. The preliminary hearing affords the parolee written notice of the violation charges, an opportunity to present witnesses, and a chance to respond to the allegations made against him. The revocation examiner's recommendation of "provisional revocation" may result in the Parole Board's issuance of a parole violation warrant and the parolee's return to prison to await a final Revocation Hearing by the Parole Board. Table 3 depicts the results of the 383 Revocation Hearings held by the Parole Board during each month of 1982.

Additionally, there were 173 Rescission Hearings held in 1982. Table 7 depicts the outcomes of these hearings (See Appendix A).

Overall, the Parole Board held an average of 159 Release Hearings, 14 Rescission Hearings and 32 Revocation Hearings per month at State Institutions in 1982.

### Three Year Review

A Three Year Review is a Release Hearing for Sexually Dangerous Persons confined to the Bridgewater State Hospital Treatment Center. In 1982, 33 Three Year Hearings were held at the Southeast Correctional Center. Of this thirty-three, no one received a parole, reserve, or parole to custody vote.
